

KEY FEATURES

- Optical grade beam split glass for clearer reflection
- Full metal body, sturdy and durable
- Supports camera recording; phone/tablet prompting
- Detachable & stowable sun shade
- Height-adjustable gimbal for flexible shooting height adjustment
- Dedicated APP design, Bluetooth wireless control

FLEXIBLE ADJUSTMENT, ALWAYS KEEP THE LENS CENTERED

COMPATIBLE WITH MULTIPLE CAMERAS

Use with DSLR

Use with Camcorder

Use with PTZ Camera

PARAMETERS

Description	13" Teleprompter	
Model	TP13 V2	
Beamsplitter Glass Size	13-inch	
Main Material	Metal	
Prompting Device Supporting Size	Up to 12"	
Beam splitter transmission/reflection ratio	70/30	
Remote controller using distance	10m	
Compatible Lens	Incompatible with wide-angle lenses;	
	suitable for lenses with a focal length of ⩾35mm	
Slide rail clamp stretching dimension	22mm~210mm	
Base extension height	47~66mm	
System Supporting	Android, IOS	
Control Way	APP, Bluetooth remote control	
Remote Controller	Bluetooth Spec.	BLE V5.3
	Effective Range	20m (LOS)
	Max. Transmission Range	60m (LOS)
	Power Supply	2×AAA alkaline batteries
	Operating Frequency	2.4GHz
	Operating Voltage	1.8V ~ 3.6V
	Transmit Power	1dBm
	Receiver Sensitivity	92dBm
	Operating Humidity 1	0% ~ 90% RH, non-condensing
Unit Size	270x280x80mm	
Unit Weight	1.7kg	

PACKAGING LIST

 Main Body	 Sunhood	 Remote Controller	 1/4 Camera Screw	 User Manual
