## LED摄影灯 电池 NP-F550/F750/F970 使用手册

### 产品概述

本产品是适用于摄影灯的NP-F550/F750/F970电池，得益于增加了Type-c充电口，既可以使用专用充电器充电，也可以使用附送通用的Type-C充电线进行充电。带电量指示，方便查看电量。

### Type-C口充电

充电线插入Type-C口充电后，电量灯会亮起，充电时红灯常亮，充满电后红灯熄灭。5V/2A充电器充电NP-F550充满电时间约2小时，NP-F750充满约4.5小时，NP-F970充满约7小时。

### 产品参数

型号规格	NP-F550	NP-F750	NP-F970
电池类型	锂离子电池		
标称电压	7.4V		
额定容量	2200mAh	4400mAh	6600mAh
Type-C充电输入	5V2A		
充电器充电电压	8.4V		
充电温度	0-45°C		
放电温度	-20-60°C		
执行标准	GB 31241-2014		
产品尺寸	25*38.5*71mm	43.7*38.5*71mm	62.5*38.5*71mm
重量	约110g	约200g	约290g

### 安全保护

### 包装清单

- 1.NP-F电池 x1
- 2.Type-C充电线 x1
- 3.合格证 x1
- 4.使用手册 x1

### 使用说明

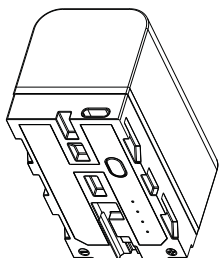

- 1.电池投入火中有爆炸的危险
- 2.请勿拆解电池
- 3.请使用专配充电器充电
- 4.勿拆解电池以防产生有毒气体
- 5.勿短路,以防爆炸
- 6.禁止在高温下(炙热的阳光下或很热的汽车中)使用或放置电池,否则可能会引起电池过热,起火或功能失效、寿命减短。

## VIDEO LIGHT BATTERY NP-F550/F750/F970 USER MANUAL

### Preface

This product is suitable for photography lights NP-F550 /F750/F970 battery charge thanks to increased Type-C mouth, both can be used with dedicated charger, can also use attached to the generic type-c quick charge charging line, convenient to recharge the battery at any time, it comes with the power indicator for checking the power in real time.

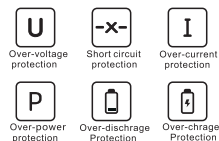

### USB Type-C input port

After the charging cable is plugged into the Type-C port for charging, the battery indicator will light up, the red light will always be on during charging, and the red light will be off when fully charged, the 5V/2A charger will take about 2 hours to charge the NP-F550, and the NP-F750 is fully charged. About 4.5 hours, NP-F970 is fully charged for about 7 hours.

### Product parameters

Type specification	NP-F550	NP-F750	NP-F970
Type of battery	Lithium-ion battery		
Nominal voltage	7.4V		
Rated capacity	2200mAh	4400mAh	6600mAh
Type-C Charging input	5V2A		
Charging charging voltage	8.4V		
Charging temperature	32-113°F		
The discharge temperature	4-140°F		
Executive standard	GB 31241-2014		
Product size	25*38.5*71mm	43.7*38.5*71mm	62.5*38.5*71mm
Weight	About 110g	About 200g	About 290g

### safety protection

### Packing list

- 1.NP-F Battery x1
- 2.USB Type-C charging cable x1
- 3.Qualified Certificate x1
- 4.User Manual x1

### Instructions

1. Do not throw into fire, may cause explosion.
2. Do not disassemble.
3. Charge only with specified charger.
4. Do not disassemble cell to prevent produce poisonous gas.
5. Please do not short circuit to prevent explosion.
6. Do not use or put the battery in hot temperature (The intense heat of the sun or hot car), otherwise cause over heat, fire, ineffective or short life time.

Made in China
